A GREAT book for those who want facts NOT photos! By A Customer This book was the first of it's kind when it was first published back in 1997 and it is still a great resource book for true conosuers of gay adult video product. If you are familiar with Leonard Maltin's annual Movie Video Guide then you will recognize this book's format imeadiately. Sabin has done a competent job with a no-nonsense approach to arranging these reviews and having them rated in a clear and consice rating system that anyone can understand. Video companies and the porn stars themselves are praised or critisized equally throughtout the entire volume. The various reviews are competitent (one of them was a porn star himself) and written with a very studious and yet entertaining style. Since there are no photos inside it was sold in national bookstore chains like Bretanos and at Virgin megastores. This resource book took a serious approch to it's subject manner and was clearly designed to be a resource book -- not an erotic picture book! It is unfortunate that they stopped publishing it with this single volume. It would've been nice to see the product reviews extended beyond 1996 when it was first written. The previous negative review for this book was very unfair since it was written by a disgruntled film maker whose video got a poor review. Don't let one uhappy film maker turn you off from getting a very factual and useful resource book about gay adult videos. As a guy who is still in the closet it has been especially useful to me since I am not "out." I reccomend it highly! 1 of 2 people found the following review helpful. "Does an impressive job of showcasing the great ones and sounding a warning about the awful ones. The book is indispensable for those of us who take our porn very seriously and still quite interesting for those who are merely curious about what is available." -- Jack Donovan, Out, Pittsburgh "Is well organized and helpful in ways I never imagined... Informative, often witty, and as far as I could see pretty darn accurate." -- David May, International Drummer, San Francisco "It's fabulous! Buy the book, bitch!!!" -- Chi Chi La Rue, Award-Winning Director, Hollywood "Sabin has assembled a much needed reference book about the gay adult video industry that will be used again and again." -- Derek Stanton, Veteran Pornstar, Los Angeles "This is the kind of book that, once you start reading it, gets you hooked." -- Onan The Vulgarian, XXX Factor Magazine, Phoenix About the Author Sabin is a well established and respected member of the all-male blue movie industry. He has worked as a still photographer on over 75 gay adult video productions and has gotten to know many of the industries' top stars on a first name basis. He began his professional association with X-rated entertainment when he was still in college and was moonlighting as a theater manager for the infamous porn siblings (the Mitchell Brothers. After graduating from college with a degree in Graphic Design, Sabin relocated to Los Angeles and was hired as an entry level paste-up artist for the predominately straight adult company Eros Publishing in 1979. While there, he freelanced as the original art director for SKINFLICKS magazine and designed video box covers for LA. Video, Studio TCS and Matt Sterling. After becoming the head of

the art department in just 3 years, Sabin left Eros to pursue a career in main-stream magazine publishing. He continued to free-lance in the gay erotic market as the art director for 3 new magazines - JUST MEN, STUDFLIX, and INCHES. In 1985 founded the GAY VIDEO magazine.Excerpt. Reprinted by permission. All rights reserved.From Chapter A(Aaron Austin: A Day In The Life (1993) (4-star rating) Starring: Aaron Austin, Danny Sommers, Jon Vincent, Brian Hart, Andrew Clay, Scott Hogan. What? Where's Aaron. It's supposed to be a day in his life, but he's only around for one squirt! Too bad, this dude is cute. Director Jim Steel knows how to have the camera make love to the bodies of the hunks in this video. Watching Jon Vincent and Danny together is incredible and it's great watching Jon grumble "I want to make love to you boy" as he sucks his big dick. Aaron Austin does an incredible J.O. scene, and Scott Hogan is also listed as being in it, but he isn't. A Vivid Video release. 72 Mins. M.S. The Abduction 2 3 (1991) (4-star rating) Starring: Chance Caldwell, Craig Slater, Jack Dillon, Scott Hogan, Dolph Knight, Danny Sommers, Craig Hoffman, Nick Manetti and Buck Simpson. Claiming to be one of the largest scale gay erotic movies ever made, with no expense spared, this is certainly a wonderful diamond edition video for Falcon. However, despite some moments of wit, it lacks the sustained levels of interest and comedy of some of their lower-budget porn competitors. This has more big toys, enemas, Ben-wa balls up the butts, mouth plugs and straps than any movie I can remember in five years of reviewing! And, dripping hot wax on each other's privates is a new one, even for Falcon. Chance Caldwell is a Nazi-like chief, Craig Slater is the unsuspecting victim of the abduction, Scott Hogan is caged naked like a dog and Troy Hunter feeds his weenie to the "dog" through the cage. Jack Dillon is a rough bondage master and Dolph Knight is a most superb torture king. Dolph rips the shirt off of Craig and tortures him softly, but he loves it. Directed by Steven Scarborough. A Falcon Video. 220 Mins (both videos). t M.S. Absolute Sex (1993) (2-star rating) Starring: Todd Lawrence, Ryan Block, Flex Gamble, Tyrone, Jake Summers, Lucky Jones, Christopher Scott, Pierre, Ty Thomas. Well, at least the box is nice. All I can say is if you like your guys tall, very dark and sometimes handsome you might like checking out this one-if not keep going. When Ryan Block tells Todd Lawrence he can't work on his motorcycle because someone's borrowed his tools, Todd's soon riding Ryan's tool. Then when Lucky Jones tells Christopher Scott he likes to get into all kinds of things, he's getting into Christopher's ass in no time! This may be a decent all-black cast, but the production sure isn't. It's not absolutely the worst, but it's not the absolute best either. (Note: This is also listed as Black Knights Video #13) A Planet Group Video Release. 67 Mins. C.L. Acapulco Dreaming (1990) (1-star rating) Starring: Kevin Young, Carlo Villarino, Lorenzo, Rojas, Rickey Montes, Alejandro Ruiz. See what you can pull in Acapulco! The seductive bronze skinny young bods in this film seem like a cast literally pulled off the streets. Put in a fancy hillside house and some stunning beach scenery and you have a hot video. Well, not quite.The only recognizable cock in this belongs to Kevin Young, who has made his splash in a number of recent movies because of his hot Latino loving. But, the scenes are ridiculously long and boring (even in the fast-forward mode) and seemingly uninspired. A silly photography session has young Kevin opening up the door and "I completely forgot I was completely naked." Right! Produced Directed by Luiz Cruz. A LeSalon Release. 92 Mins. M.S.
