Powers It's ok. 0 of 0 people found the following review helpful. it is a very general and easy book on a very complicated subject By JudgeDredd brief, concise and direct to point. it is a very general and easy book on a very complicated subject. I purchased it precisely to build a background with an elemental reading. while it is not "elementary" it is a very easy, straightforward overview of the

subject matter. even when it is a second hand, it is Bascom at its best and I will keep for my "reference" private library. Ah, and seller is a "10"; shipping delivery, as expected 0 of 0 people found the following review helpful. Five Stars By richardwbyrd Renewed My lost copy thanks 1981

The Yoruba, with other West African groups, represent a high level of cultural achievement in sub-Saharan Africa and are one of the most interesting and important peoples of the continent. The author offers detailed descriptions of the elaborate economic, political, and social structures of the Yoruba, their complex set of religious beliefs, and their world-famous art forms.
