U. G. Krishnamurti : Thought Is Dead: Moving Beyond Spiritual Materialism before purchasing it in order to gage whether or not it would be worth my time, and all praised Thought Is Dead: Moving Beyond Spiritual Materialism:

1 of 1 people found the following review helpful. the real thingBy Carol O.I am so happy that those who knew U.G. Krishnamurti recorded his dialogues with them. I wish that far more people nowadays were acquainted with his teaching. U.G. discovered something tremendously important, though he never called it "enlightenment." Instead, he referred to himself as a "natural man."0 of 1 people found the following review helpful. The "Mind-body" problem solved in one sweep of the axe ...By Wandering SwanThe "Mind-body" problem solved in one sweep of the axe; there

is only body, the mind and God don't exist, only in fictive land.0 of 1 people found the following review helpful.
Stunning InsightBy GaleAnother book for UGK lovers that is direct and right to the point. Clearly written and candid.

Thought Is Dead is a unique selection of mostly unpublished and rare transcripts of U.G. Krishnamurti in dialogue, including a particularly rare discussion with renowned physicist David Bohm. U.G. explains how our desire for spiritual enlightenment is a greed, like any other, and that we are operating as a complex set of machinery. In addition U.G. details, in a step-by-step account, the mysterious process by which his consciousness underwent a complete transformation.
