**From Brand: SAGE Publications, Inc : Victims of Crime** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Victims of Crime:

1 of 1 people found the following review helpful. Great for introductory or undergraduates By Chelsea Raquel This book is great for the basics of understanding victimology. It is highly based on educational research. It has lots of studies done to prove and back up the validity of the authors explanation of victims of different crimes. It does a good job at covering most major areas of crime and the victim impact and research correlated with it. This is great for an undergraduate course or introductory book, I wouldn't recommend it for graduate school but overall, I really enjoy the book and the material it represents. 0 of 0 people found the following review helpful. Five Stars By Lines great for

The Fourth Edition of this widely used and respected book has been thoroughly revised and updated to include newly contributed and updated articles utilizing the latest research and studies in the areas of violence, abuse, and victims rights from experts in the field. It has a stronger focus on emerging issues and policies in the field of victimology than other comparable texts and offer the most current research, thinking, and best practices regarding crime victims and crime victim services. Using an engaging and comprehensible format, editors Robert C. Davis, Arthur J. Lurigio, and Susan Herman provide a synopsis of the contemporary literature and debates on significant topics in the field of criminal victimization.
