From Brand: Duke University Press Books : Violent Democracies in Latin America (The Cultures and Practice of Violence) before purchasing it in order to gage whether or not it would be worth my time, and all praised Violent Democracies in Latin America (The Cultures and Practice of Violence):

0 of 0 people found the following review helpful. Five StarsBy Carlos A. BrandoGreat0 of 0 people found the following review helpful. Five StarsBy userExcellent resource for teaching an anthropology of Latin America.

Despite recent political movements to establish democratic rule in Latin American countries, much of the region still suffers from pervasive violence. From vigilantism, to human rights violations, to police corruption, violence persists. It is perpetrated by state-sanctioned armies, guerillas, gangs, drug traffickers, and local community groups seeking self-protection. The everyday presence of violence contrasts starkly with governmental efforts to extend civil, political, and legal rights to all citizens, and it is invoked as evidence of the failure of Latin American countries to achieve true democracy. The contributors to this collection take the more nuanced view that violence is not a social aberration or the result of institutional failure; instead, it is intimately linked to the institutions and policies of economic liberalization and democratization. The contributors anthropologists, political scientists, sociologists, and historians explore how individuals and institutions in Latin American democracies, from the rural regions of Colombia and the Dominican Republic to the urban centers of Brazil and Mexico, use violence to impose and contest notions of order, rights, citizenship, and justice. They describe the lived realities of citizens and reveal the historical foundations of the violence that Latin America suffers today. One contributor examines the tightly woven relationship between violent individuals and state officials in Colombia, while another contextualizes violence in Rio de Janeiro within the transnational political economy of drug trafficking. By advancing the discussion of democratic Latin American regimes beyond the usual binary of success and failure, this collection suggests more sophisticated ways of understanding the challenges posed by violence, and of developing new frameworks for guaranteeing human rights in Latin America. Contributors: Enrique Desmond Arias, Javier Auyero, Lilian Bobea, Diane E. Davis, Robert Gay, Daniel M. Goldstein, Mary Roldn, Todd Landman, Ruth Stanley, Mara Clemencia Ramrez

Contributors to the volume *Violent Democracies in Latin America* do an excellent job of opening new paths for exploring this abiding question. . . . This edited volume is remarkably coherent and the chapters fit together nicely. . . . [E]ach chapter makes a unique contribution to the interdisciplinary conceptualization of violent pluralism. - Kedron Thomas, *Anthropological Quarterly*
