expect when I decided to purchase this book, but I'm glad I did. Reading this book was truly the "wake up" call I needed to confirm that I was on the right path regarding spirituality in tandem with my Black identity. I've more than struggled along the way with knowing God, but I've always been totally Black conscious. This book perfectly illustrates that pro-Black awareness is wholly in sync with spiritual development. Actually, if you are a Black person one cannot go without the other. The Blacker you become, the more intuned with God you become. It can be a lonely journey but it's one worthy of taking....life affirming and lifesaving. Buy the book!7 of 7 people found the following review helpful. Thank God for Brother LindsayBy Edwanna ReedVery Powerful book that will open the eyes and mind of brothers and sisters of color. Straight to the point with each proverb and it's raw and uncut truth. I personally love this book because it speaks to me about certain problems I have in my own life.5 of 5 people found the following review helpful. Guess I was Already WokeBy StylishCurvyGirlThis book has some positive reinforcements but I can't say I read anything that was new information to me. I feel that this book would be a 5 star read for someone not as well read as I am but for me it was more of a refresher sprinkled with tidbits of Hotep logic.

Rewritten from the ground up, the second part of the book series, Wake Up To Your True Identity, is a collection of life-changing proverbs and commentaries, written specifically for black people around the world who were born outside of Africa. Unlike the first book, which taught us about our history and heritage; this book teaches us how to develop our character and spirit. Ever since being dispersed from Africa, we've been indoctrinated by the racist philosophies of our oppressors and have been living by these lies for centuries. As a result of this mis-education, our personal and spiritual growth has been horribly stunted, causing us to be stagnant in almost every arena of our lives. Thus, explaining the continuous state of depression that "black people" seem to have globally. Contrary to popular belief, a lack of money is NOT the cause of our unhappiness, being mis-educated is. Knowledge is power, and since we have been wrongly taught; we don't have any power. So this book exists for one reason and for one reason only - to empower my people of the African Diaspora with the knowledge, wisdom and understanding you need to live a peaceful, productive, and purpose-driven life.

About the AuthorMaurice Lindsay, also known as Ma'orYahu, is an activist, social historian, writer and teacher. He is best-known for his widespread black liberation blog, TruthOverTradition.com, where he shares untaught biblical and historical truths in relation to the African Diaspora. He currently resides in Georgia with his wife and their four children. For more information, visit MauriceLindsay.com.
