I dare you to read this book and walk away from it unchanged! This book will change your life forever! It is written in such a way that it's easy to follow. Explanations and/or Scripture are provided in abundance. This author leaves nothing unexplained, and once he has explained it and pointed you to the relevant Scripture it all makes so much sense and becomes as plain as the nose on your face. For years I have been reading the Bible and failing to understand much of what it contained UNTIL NOW. Everyone should read this book; no matter what your nationality might be. Everything mentioned in this book is backed up by Scripture and with hidden history that is now coming to the forefront. I believe everyone should read this book because it is history that was not taught to us in schools or universities. It is indeed time for America (ALL of America) to wake up and learn the truth of what has been hidden from the world for far too long! This book, along with many other books of this nature that I have read, have really opened my eyes to the truth of my people. I have a new respect for who the "Black" race is, what we have accomplished, and what our future holds! I am forever changed (for the better) after having read this book!9 of 9 people found the following review helpful. I would encourage all so-called African Americans in the United ...By Taron HarrisI would encourage all so-called African Americans in the United States to order a copy of this book. It will definitely change you life. I learned so much after reading it, things I never knew before regarding the history of our people. All my life I've been in church. As a faithful and devoted member of church for the last 25 years, I can truly say that I never heard as much truth preached or taught as I did while reading this book. Wake Up to Your True Identity needs to be in the home of every so-called Negro, for we are beyond a shadow of a doubt the People of the Book (Holy Bible).10 of 10 people found the following review helpful. Both mind blowing and reassuring!!!By John PaylorI found this book to be one of the most uplifting pieces of literature that I've had the pleasure of reading in an awfully long time...we (all people) especially the "African American"..need to read this book and take into great consideration all that was stated...for to ignore the writings within would be the same as being stepped on by a bully, having that bully lose his or her leg only for you to hand it back to them and lie down and wait for them to step on you all over again!...Now...Get up and let's go!

Have you ever wondered why we, the so-called African Americans, are the most oppressed and unfairly treated people in the Americas? Aside from the obvious color of our skin, which is taught to be an inferior color in this society, have you ever questioned why this country hates us so much? If so, I want you to know that it's not by coincidence that we are the victims of such differential treatment here in America. There is a sound biblical reason for the injustice that has been placed upon both us and our ancestors for over the last 400 years of living here, and Wake Up To Your True Identity explains exactly what that reason is. In this spiritual awakening, Maurice Lindsay takes the so-called African Americans on a biblical journey, revealing to them their history, their heritage, their purpose, and most importantly their identity. This book also reveals the solution that will lead to the complete liberation of the so-called African Americans from their oppressors. All of those who considers themselves to be "African American" or "Black" you should have the courage to read this book. We have been a lost, oppressed, and sleeping people for too long, and it is time for us to awake from our slumber and become who God predestined us to be!
