Dr. Warren Bruhl, Todd Love Ball Jr. : Wavers Beggars before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Wavers Beggars*:

1 of 1 people found the following review helpful. Beautiful metaphor! By Dr. Angela Zolper The metaphor of "wavers" and "beggars" is beautiful, and so applicable for those interested in social change. Dr. Bruhl and Todd Love Ball share their experience, and put forth book a very basic question: How do we empower ourselves, and then others, by acknowledging what is the most valuable in humanity? It is our ability to connect - to "wave" - because when we

connect, we become able to see others as compatriots. It's a brilliant metaphor that puts forth a simple call to action and personal accountability, and highlights the fact that everyone, through their day to day interactions, can be part of alleviating the inequalities that cause so much suffering worldwide.0 of 0 people found the following review helpful. Incedible bookBy Frank DavisWhat a great book. It conveys the message so well that there is more to this world than the haves and have nots. There are humans that are so without hope, generation after generation, that certain beings are predisposed to react to poorness similar to someone battling a mental illness. Where others in the the same community are active and hopeful, the beggars have been dehumanized to a level that self esteem is gone. This book has helped support and further my assertion that we are responsible to serve those in need, but in a respectful and mindful way. We all need to be apart of the solution and not the problem. Every spiritual leader, NGO participate and mindful giver needs to read *Wavers and Beggars*. This is the blue print for making a significant positive change in our world.0 of 0 people found the following review helpful. Light my soul on fireBy Customerthis book came into my life at a perfect time. as I am preparing as a chiropractor for my first mission trip to South Africa I feel very blessed to have come across this powerful message. as I read the words I can feel it light my soul on fire and I know this book will help many. this book comes with my highest recommendation and I am very thankful for Dr Warren Bruhl and his efforts to lead others down a path of opening their hearts with compassion and love in following the example of Jesus Christ . diversity is strength - i hope this book will impact others as it is impacting me.with much respect,Michelle

Wavers Beggars is a call to examine our role in helping our neighbor next door and 10,000 miles away. Each of us has an inner waver and a beggar inside ourselves. Recognizing our similarities to even the poorest beggar is the beginning to transform our lives and the planet. *Wavers Beggars* inspires you to take a hard look at your choices and the stories you've made up about your life. The decisions you make will be the difference that changes the world and heals the global challenges we face today.
