Gerard Van Herk : What Is Sociolinguistics? before purchasing it in order to gage whether or not it would be worth my time, and all praised What Is Sociolinguistics?:

1 of 1 people found the following review helpful. class textbookBy Theresa M. SolomonThis was a required textbook for a class. For a textbook, it was great. Good examples. great questions and activities and the end. Would have liked a little more "meat." It gave a great overview of Sociolinguistics, but didn't go very deep into some areas.0 of 0 people found the following review helpful. Five StarsBy ClauditabonitaReally good book with great examples. Very easy to understand.0 of 0 people found the following review helpful. What I think of this bookBy Ginger MichaudThis book was required for a grad level class. I have not read it in it's entirety yet. It seems to be a well organized text. The author seems very practical and the text seems approachable. I'm hoping that the professor is as approachable as this text!!

What is Sociolinguistics? is a tour through the major issues that define the field, such as region, status, gender, time,

language attitudes, interaction, and style, while also exploring the sociolinguistics of multilingualism, culture and ethnicity, language contact, and education, all introduced with excitement, humor, and deep knowledge. Explores the sociolinguistics of multilingualism, culture and ethnicity, language contact, and education Provides useful and clear learning features including numerous innovative exercises and project ideas, spotlighted research readings, glossary terms, chapter summaries, and text boxes The Companion Website for Instructors (www.wiley.com/go/vanherkprofs) has PowerPoint slides for each chapter with suggestions for framing class discussions and exercises, further examples on concepts discussed in the book, tips on additional readings to bring in, and ready-to-go slides for class presentation. The Companion Website for Students (www.wiley.com/go/vanherk) includes links for every chapter from standard sociolinguistic tools to links designed to spark discussion relevant to each chapter, including video clips, oral histories, articles, and more.

?This is a delightfully engaging introduction to the passionate purpose of sociolinguistics. Van Herk is a masterful guide who personally escorts students on an informative, entertaining tour of the field. Students experience sociolinguistics through the perfect blend of substance, interaction, and autobiographical perspective.? ? Walt Wolfram, North Carolina State University ?What is Sociolinguistics offers a refreshingly different take on many of the standard, key concepts in the field. It is funny, clear, and distinctly personal, providing essential information about sociolinguistics and referring students to a host of other works that can take them deeper if they wish.? ? John Rickford, Stanford University This is a delightfully engaging introduction to the passionate purpose of sociolinguistics. Van Herk is a masterful guide who personally escorts students on an informative, entertaining tour of the field. Students experience sociolinguistics through the perfect blend of substance, interaction, and autobiographical perspective. Walt Wolfram, North Carolina State University What is Sociolinguistics offers a refreshingly different take on many of the standard, key concepts in the field. It is funny, clear, and distinctly personal, providing essential information about sociolinguistics and referring students to a host of other works that can take them deeper if they wish. John Rickford, Stanford University From the Back Cover "I'm sitting here in Newfoundland, in Canada, writing a book about sociolinguistics, and you're out there somewhere, starting to read it. If you were here and could hear me talk -- especially if you were Canadian, especially if you had some training -- you could tell a lot about me. When I speak English, most people can tell I'm North American (I pronounce schedule with a [sk] sound), Canadian (I rhyme shone with gone, not bone), and probably from Quebec (I keep my socks in a bureau). And if I was wherever you are, I could probably tell a lot about your speech community and where you fit into it. The fact that we can do this is one of the things that interest sociolinguists..." It's rare to encounter a textbook that one will want to read cover to cover. But Gerard van Herk has written exactly that, introducing students to the field of sociolinguistics as the best teachers do: with excitement, humor, and deep knowledge. What is Sociolinguistics? is a tour through the major issues that define the field, such as region, status, gender, time, language attitudes, interaction, and style, while also exploring the sociolinguistics of multilingualism, culture and ethnicity, language contact, and education. The chapters contains useful and clear features including: Numerous innovative exercises and Spotlighted research, where the author introduces some key concepts discussed in foundational research and offers suggestions for reading the primary literature Further readings, glossary terms, chapter summaries, and text boxes that explore introduced concepts in greater depth for interested students The companion website offers PowerPoint slides for instructors and sample answers to questions, while providing students with further resources, including sound files and carefully curated links for further study.
