**David A. McEntire : Wiley Pathways Introduction to Homeland Security: Understanding Terrorism With an Emergency Management Perspective** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wiley Pathways Introduction to Homeland Security: Understanding Terrorism With an Emergency Management Perspective:

0 of 0 people found the following review helpful. Informative but an Easy Read By Gregory Padilla I bought this book for a class and will have to say I like the organization of this book along with the period quick check of what you just read. I'm not a big reader and will say this is an easy read and really enjoy reading from this book for class

assignments. The book covers various aspects of Homeland security and well worth the purchase for class or for the interested. 0 of 0 people found the following review helpful. Its a wonderful book, easy to read the quiz questions in ...By CustomerIts a wonderful book, easy to read the quiz questions in the end have helped me pass many tests. Not to mention, I have read every chapter before the test because I have not gotten so bored I quit on it. Very good book! :) 1 of 1 people found the following review helpful. Wiley Pathways Introduction to Homeland Security: Understanding Terrorism With an Emergency Management Perspective By Debra Read So far this textbook offers a wide variety of knowledge sources and prepares you for tests and uses outside links as well. Definitions are clear and terms are easily understood. The writing offers a lot of information in precise wording throughout the chapters and gives the student the information that makes class presentation and participation much easier. Although this is a criminal justice class, I find the class interesting and the learning to be on equal footing no matter what your major is.

Readers need to be aware more than ever before of the increased number of threats this country faces. Introduction to Homeland Security: Understanding Terrorism with an Emergency Management Perspective provides important and up-to-date information about terrorism, terrorist behavior, homeland security policies and dilemmas, and how to deal effectively with threats and the consequences of attacks. This book provides a foundation that spans the readily apparent chasm between the disaster and homeland security communities. Its focus on terrorism may help to educate those who do not yet understand the need to prepare for this significant threat. Its concentration on emergency management will remind homeland security officials that reinventing of the wheel is not only unnecessary, but problematic. Introduction to Homeland Security will be useful to scholars, students, and practitioners interested or involved in homeland security and emergency management.

From the Back Cover You can get there Whether youre already working in the homeland security or emergency management fields and looking to expand your skills, or setting out on a new career path, Wiley Pathways Introduction to Homeland Securityomeland Home will help you get there. Easy-to-read, practical, and up-to-date, this text helps you learn about terrorism and gives you a full overview of the threats we face and why. It also helps you master the core competencies and skills you need to succeed before, during and after attacks occur. With this book, you will be able to: Define homeland security, understand how it changed after 9/11, and explore its relationship with emergency management.
