Reta Halteman Finger, Kari Sandhaas : Wisdom of Daughters before purchasing it in order to gage whether or not it would be worth my time, and all praised Wisdom of Daughters:

A collection of 80 original articles from the Daughters Of Sarah magazine, revealing the roots and evolution of feminist Christian thought.

From Publishers WeeklyBetween 1975 and 1994, the Christian feminist magazine Daughters of Sarah published women's poetry, articles on feminist theology, personal essays and art. In *The Wisdom of Daughters: Two Decades of the Voice of Christian Feminism*, Reta Halteman Finger and Kari Sandhaas offer what they consider to be the best contributions from the magazine's two decades in print. The collection's "best of" format and relatively low price

should garner some classroom orders for courses on women and religion. Copyright 2001 Cahners Business Information, Inc.
