**From Brand: University Press of Virginia : Women and British Aestheticism** before purchasing it in order to gage whether or not it would be worth my time, and all praised Women and British Aestheticism:

A collection of essays on the women novelists, poets, fiction writers, essayists and critics who played a central and long-forgotten role in the history of aestheticism. It demonstrates how aestheticism offered people a set of concepts and a vocabulary for addressing issues such as gender.

About the Author Talia Schaffer is Assistant Professor of English at San Francisco State University. Kathy Alexis Psomiades is Associate Professor of English at the University of Notre Dame.
