**Tarja Moles : Xenophobe's Guide to the Finns** before purchasing it in order to gage whether or not it would be worth my time, and all praised Xenophobe's Guide to the Finns:

0 of 0 people found the following review helpful. Witty informative guide to the culture of specific countries,By kanakukkulaMy husband is Finnish, so he knows the culture well. He says this guide is 90% accurate, so he was interested in reading other books in this series--written informatively by authors who seem to know the culture they

write about. A witty and realistic evaluation of the positives and negatives of specific countries. I've given several books in this series as gifts, and all recipients like them, and find they are true to their experience with specific countries. Will continue to buy more as published in this series. 2 of 2 people found the following review helpful. Very funny! I grew up knowing Finns who did some ...By ArdensEye Very funny! I grew up knowing Finns who did some of the things described by the author in a poking-fun-at kind of way, at moments of reading: hilarious! Also informative, I carry it in my purse to learn more each day, a quick but still serious little book. I plan to travel to Finland to research my many Finnish ancestors, going back centuries. 2 of 2 people found the following review helpful. The guide is written in a very pithy style, ...By JI Bessesen The guide is written in a very pithy style, which just adds to the humor. The Finns that I encountered when I was there for a short while were all kind and personable, but maybe the guide would prove to be more accurate should one live there for an extended period.

Forewarned is forearmed an irreverent look at the beliefs and foibles of nations, almost guaranteed to cure xenophobia.

About the Author Tarja Moles was born in Imatra, Eastern Finland, and is a former career advisor, English teacher, youth leader, and conference host. She now works as a freelance writer and researcher.
