Jack E. Weller : Yesterday's People: Life in Contemporary Appalachia before purchasing it in order to gage whether or not it would be worth my time, and all praised Yesterday's People: Life in Contemporary Appalachia:

0 of 0 people found the following review helpful. I would recommend to anyone studying the field as a way to ...By MAGAn Appalachian Classic. I would recommend to anyone studying the field as a way to understand how the region

was portrayed. It is important to remember the fact that 1) it is dated and 2) it does not represent Appalachia as a whole, but a fatalistic view of Appalachia. 1 of 1 people found the following review helpful. This book was an eye-opener. By Polylingual Polly As a septugenarian with a Ph.D. in East Asian Studies and a great interest in sociology in general, I understand more why I am the way I am after reading "Yesterday's People." Even though my family came from central Kentucky, not the Appalachian area, they shared many traits with their eastern Kentucky cousins. Would love to see an updated version. 0 of 0 people found the following review helpful. Satisfied. Not only is the book a great description ... By Everette Leon Young II Satisfied. Not only is the book a great description of Appalachian life, but runs parallel to the modern way of neo-conservative religious politics, of the past 25 years...

The distinctive way of life of the Southern Appalachian people has often been criticized, romanticized or derided, but rarely has it been understood. *Yesterday's People*, the fruit of many years' labor in the mountains, reveals the fears, anxieties, and hopes that underlie the mountaineers' way of thinking and acting, and thereby shape their relationships in family and community. First published in 1965, this book has been an indispensable guide for all who seek to study, work or live within the Appalachian culture.
