Dalton Conley : You May Ask Yourself: An Introduction to Thinking Like a Sociologist before purchasing it in order to gage whether or not it would be worth my time, and all praised You May Ask Yourself: An Introduction to Thinking Like a Sociologist:

3 of 3 people found the following review helpful. Great book. I learned some crucial things from itBy Mom with Ph.D.In case you don't this already, Dalton Conley is a genius. This is an incredibly thoughtful textbook. It is a history, a philosophy and a textbook of sociology. Any general reader interested in sociology can read this. It's full of pictures and other visual mnemonics. Great book. I learned some crucial things from it.3 of 3 people found the following review helpful. Only Contains Half the MaterialBy BeaufordThis product is a scam - DO NOT BUY.Absolute rip-off. I bought this as a digital text book and noticed that even though the ISBN is an exact match to the one required for my

class, it only contains half the material that I need.4 of 4 people found the following review helpful. MISSING HALF THE BOOK!By rosaly kornfeldITS MISSING 8 CHAPTERS ! IF YOU NEED THIS BOOK FOR COLLEGE THIS IS THE WRONG ONE !!!!

Make the familiar strange with Dalton Conley's "untextbook." Dalton Conley's groundbreaking non-textbook teaches students how to think like sociologists. Students learn how to use their sociological imaginations to debunk conventional wisdom. With a strong emphasis on concepts, *You May Ask Yourself* challenges students to use sociological methods to evaluate facts about their social worlds by making the familiar strange.

About the AuthorDalton Conley is a professor of sociology at Princeton University. In 2005, Conley became the first sociologist to win the prestigious National Science Foundation's Alan T. Waterman Award, which honors an outstanding young U.S. scientist or engineer. He writes for the *New York Times*, the *Los Angeles Times*, *The Nation*, *Slate*, and *Forbes*. He is the author of *Honky* (2001) and *The Pecking Order: A Bold New Look at How Family and Society Determine Who We Become* (2004). His other books include *Being Black, Living in the Red: Race, Wealth, and Social Policy in America* (1999), *The Starting Gate: Birth Weight and Life Chances* (2003), and *Elsewhere, U.S.A.* (2009).
